

Control, your way

Guide to Touch Screens, Keypads, and Remotes for your Crestron® smart home

Luxury living at your command

Why is Crestron the undisputed leader of the smart home industry? Simple. We give you the best experience by far. We're the only company that designs, manufactures, and supports every single product that makes up your smart home solution. That's how we ensure the unparalleled performance and reliability that are the hallmarks of Crestron.

With our extensive collection of intuitive control options, the Crestron smart home experience is always at your command. Between customizable designer keypads, sleek and brilliant touch screens, and ergonomic handheld remotes, you'll find an elegant Crestron control device to suit every space and need in your home.

CONTROL OF EVERYTHING IN YOUR HOME SHOULD BE SIMPLE

It is, with beautiful, best-in-class Crestron touch screens, available in a wide array of wall-mount and tabletop models. A Crestron touch screen does away with unsightly piles of remotes and wall switch clutter, as well as the confusion of multiple disparate control apps. Instead, you'll enjoy fully customized, intuitive controls and icons, true feedback, real-time status display, streaming video from ONVIF cameras, and a full-featured media player for an enhanced multi-room entertainment experience.

TOUCH SCREENS

Tabletop 10" Touch Screen

5", 7", AND 10" TOUCH SCREENS 70R Series

Shown actual size

Space-saving wall or tabletop 70R Series touch screens boast a clean, contemporary appearance with edge-to-edge glass, stunning high-definition graphics, and backlit capacitive buttons. Available in 5", 7", and 10" screen sizes, the 70R Series delivers the ultimate touch experience. They're designed to meet the specific needs of your home, either through custom programming or the Crestron Home® OS.

ADVANCED BUILT-IN CAPABILITIES

AT HOME ON ANY DESK OR TABLE

Control of your home office and crystal-clear audio conferencing are always within arm's reach from one compact, elegant device.

TSR-310-W Touch Screen Remote
in Horizontal Charging Station

**TAKE ENTERTAINMENT CONTROL TO A
LUXURIOUS AND PERSONALIZED NEW LEVEL**

Slim and stylish in every detail, and custom engraved for your lifestyle, Crestron handheld remotes give perfect control everywhere inside – and outside – your home. With consistent, thoughtfully designed navigation and dependable wireless performance, you'll never miss a beat as you roam about your home. Everyone can easily access his or her favorite entertainment from the same remote with myCrestron Favorites. (TSR-310 and HR-310 only.)

REMOTES

HANDHELD REMOTE HR-310

The HR-310 Handheld Remote offers most of the same high-end features of the flagship TSR-310, including superb ergonomic design, incredible button feel, engravable buttons, movement sensor, and more. Also, like the TSR-310, it's built for durability and wrapped in a textured easy-grip housing to provide extraordinary comfort for hours of one-handed use.

FEATURES

- Backlit tactile buttons
- Metal navigation buttons
- Long battery life utilizing standard AAA batteries
- Nine custom engravable buttons to display the most frequently used functions
- Ultra-reliable Crestron wireless communications
- Available in black or white

HANDHELD TOUCH SCREEN REMOTE TSR-310

Our flagship model, the Crestron TSR-310 is a remote actually worth fighting over. It combines all the best elements of the previous generation of Crestron remotes with: even more advanced functionality; superb ergonomic design; incredible button feel; voice control; custom engravable buttons; movement sensor; profiles settings; multi-color buttons; and more. Ruggedized for durability and wrapped in a textured easy-grip housing, it delivers exceptional comfort and ergonomics for hours of one-handed use.

FEATURES

- Built-in 3" touch screen display with stunning resolution
- Metal navigation buttons
- Rechargeable battery that lasts three to four days between charges
- Incredible processing power
- Wi-Fi® connectivity for high-bandwidth communications
- Voice control
- Available in black or white
- Matching vertical charging station (included)
- Matching horizontal charging station (sold separately)

Next-generation Horizon™ keypad in glass finish with illuminated custom engraving.

KEYPADS AND DIMMERS

SOPHISTICATION AND CUSTOMIZABLE CONTROL

Crestron keypads and dimmers complement the most luxurious and contemporary interiors. Available in an expansive variety of finishes, materials, and button configurations, Crestron keypads and dimmers deliver simple, on-the-spot control of audio, video, lighting, shades, temperature, security, and more.

NEXT-GENERATION HORIZON CONTROL

Inviting to the touch and appealing to the eye, wired and wireless Horizon® keypads and dimmers give you customizable control to accentuate your lifestyle. They're available in a variety of sophisticated colors and finishes, including a subtly textured finish and new premium glass finishes. Buttons are fully programmable, generously proportioned for easy access and excellent visibility, and meticulously engineered to deliver a pleasing tactile response with each press.

FEATURES

- Clean, refined designer finishes
- Subtle button protrusion for enhanced texture and feel
- Customizable backlight color for each button
- Custom engraving to meet the needs of each space
- Ambient light sensor
- Choice of six button configurations

TEXTURED

GLASS

BRIGHT AS A BUTTON

Customizable color backlighting illuminates the engraved button text for enhanced visibility. Assign buttons their own color theme. Choose the "dim to warm" theme to automatically set the button backlight to cooler or warmer, based on the intensity of the ambient light. Or choose "circadian" on your Crestron touch screen to have it adjust based on the time of day.

CONFIGURATION

Perfect control is different for everyone and every space. Horizon keypads and dimmers offer you six button-configuration options to suit the needs of every space and your personal preferences.

CUSTOM ENGRAVING

More choices, more style. Horizon keypads and dimmers give you a world of button-engraving options, even icons and foreign characters.

HORIZON ACCESSORIES Match your needs

Enjoy a consistent look throughout your home with designer-paired accessories that bring the beauty and simplicity of Horizon keypads and dimmers to climate control and wall receptacles.

THERMOSTAT

With their ultra-slim profile and modern design, feature-rich Horizon smart thermostats are always neat and discreet. Intuitive controls and a bright high-resolution touch screen make settings as easy to see as they are to adjust.

MODERN AESTHETIC
Available in black, white, or almond glass finishes, Horizon touch screen thermostats feature a quick-look backlit status bar and provide a sophisticated design accent.

FACEPLATES

You're sure to find a Horizon faceplate that's just your style. Available in one- to four-gang, and in white, black, and almond textured finishes and black or white glass finishes.

DECORATOR-STYLE FACEPLATES
Matching decorator-style faceplates complete the consistent look throughout the home. Available in one- to four-gang, and black, white, and almond textured finishes.

KEYSTONE JACKS
Matching Horizon keystone jacks offer convenient charging access for your phone or tablet. Available in one, two, and four keystone options, in black, white, or almond textured finishes.

CAMEO® FLUSH MOUNT KEYPADS Full functionality, tiny footprint

A MORE SUBTLE, STYLISTIC APPROACH TO CONTROL C2N-CBF-P Series

The C2N-CBF-P Series delivers a truly advanced custom keypad control solution in an incredibly compact, slim-profile design. It provides a clean, flush finish, so there are no protruding edges. Choose from the optional Elegance collection of solid metal faceplates (see page 21) for a contemporary appearance in a range of luxurious designer finishes.

FEATURES

- Stylish, versatile
- Slim, inconspicuous appearance
- Five color-matched textured finishes
- Versatile combinations of two to eight pushbuttons
- Choice of four button sizes
- Customizable backlit button engraving
- Ambient light sensor

Unparalleled performance, reliability, and personalization

Crestron is the only company that designs, manufactures, and supports all of the products in your complete smart home system

AUDIO

Crestron makes entertaining truly effortless. Set the mood for the party with one touch. Want different music playing in the kitchen than in the dining area? Crestron has everything you need to deliver audiophile-grade performance everywhere in your home, both inside and out.

VIDEO

Crestron takes your viewing experience to a whole new level. Whether you're watching your favorite show on cable TV, streaming a blockbuster movie, or gaming in 4K Ultra HD, one touch ensures the screen you're viewing is optimized for all content.

LIGHTING CONTROL

Once the day's done, set the perfect scene for a family dinner or to snuggle up for a movie, as the screen drops, the lights dim and you settle in for a perfect evening.

SHADES

Crestron motorized shades and drapery systems transform any room into a more spectacular space. Our stunning designer fabrics, elegant hardware, and world-class technology offer the perfect shading solution for all the windows in your home.

CLIMATE

With Crestron, your home is always at the perfect temperature. With support for multiple heating and cooling zones you can adjust the temperature of different areas of your home independently. Everyone's comfortable, wherever they are. It's intuitive, sophisticated climate control for every room and season.

SECURITY

Keep a closer eye on your home. Crestron gives you the freedom to control your security and monitor cameras remotely, promising ultimate peace of mind.
